FIFTY-SEVEN HEAR TALK BY SURVEY HEAD

Fifty-seven men participated in the last Men's Supper which took place last Wednesday evening in Wesley Hall and which was spoken to by Commander H. D. Parizeau, head of the western division of the Hydrographic Survey. His topic was "The History and Romance of the Hydrographic Survey" and as his story unfolded the interest grew until at the climax every man was on the top of attention. Briefly and rapidly tracing the efforts that had been made to chart the channels and bays of this western coast he touched in turn on the highlights of the Spanish and British adventures in this coast and travelling through colonial days and up to the infancy of our modern attempts he marked the growth in appreciation of its worth until he was proud to say that in Western Canada we had a survey not equal, if not better, than any to be found elsewhere. His story of the introduction of modern methods of determining the floor of the sea by means of echo rather than the old lead line, and the care of check and cross check in order to arrive at accuracy became very fascinating under his spell. Mr. Parizeau received a great ovation as he resumed his seat and was quickly called to his feet again to answer a number of very interesting questions by his audience.

The series of meetings for this winter has gotten off to a splendid start and reached a high level of interest. For the December meeting Dr. Murphy, of the radiology department of Jubilee Hospital, will speak on "The Progress of Medicine From An Art To A Science," which promises to be a very interesting topic.

The grounds committee consists of the club captain, the ladies' captain and the secretary.

Several matters of interest to the members were discussed, including the new ruling about out-of-bounds, namely that all fences are now out of bounds.

The members are showing keen interest in the first dance of the club, which is to be held at the Deep Cove, which hall on Wednesday, December 27th, to which the public is cordially invited.

A list of matches and competitions will be drawn up and posted in the club house at the beginning of the year so that members may keep the match days full.

THE JUNIOR FARMER

In the Junior Farmer of today lies the hope of an enlightened farming community tomorrow!

A meeting of the Saanich Boys' and Girls' Jersey Calf Club was held at the Experimental Station on Saturday, Nov. 11th.

The meeting was attended by the members and their parents, Mr. Straight, the club leader; Mr. Aylard, president of the Saanich Jersey Calf Club, and Dr. Gunn, Provincial Live Stock Commissioner.

The object of the meeting was to discuss the advisability of continuing the club for the ensuing year as a yearling heifer club and to hear the final awards for the Provincial Calf Club competition, 50 marks being allowed for placing at the North and South Saanich Agricultural Fair, 25 marks for care and management, as reported by inspectors, 25 marks for the monthly financial statement.

The reason that only two members had rendered their financial returns was conceded as lack of instruction and supervision, the two members in question agreed to have their financial returns disregarded in the final scoring.

The final awards were announced as follows:

- First—Iain Wilson.
- Second—Joan Butler.
- Third—Dulcie Malcolm.
- Fourth—Muriel Raper.
- Fifth—Isabel Anderson.
- Sixth—Douglas Lawson.

As a result of the hardship worked upon the members during the past year the following resolution was unanimously endorsed for presentation to the Honorable Minister of Agriculture:

"Resolved that this joint meeting of boys and girls of the Saanich Jersey Calf Club and their parents, held at the Experimental Station on Saturday, November 4th, 1933, petition the Honorable Minister of Agriculture, to make available for the instruction, co-ordination and promotion of Junior Farm Work on Vancouver Island a district agriculturist highly qualified in the fitting, judging and breeding as well as general management of live stock."

The next meeting of the club will be held at Mr. Straight's home on Saturday, November 25th, commencing at 8 o'clock, when all parents are invited to attend and assist in the re-organization.

OWNERS OF PROPERTY—Are you annoyed by having outside parties trespassing on your property during the hunting season? The Review has prepared a sign with the proper wording to help you in case you are looking for relief from the shooting season from unwelcome trespassing. We have secured a canvas material that will withstand the rain and dampness better than ordinary card. Wording on the sign incorporates an extract from the Game Act, pointing out clearly that hunters cannot tramp all over your property without your consent. For your benefit we give you the exact wording on this sign:

NO SHOOTING OR TRESPASSING

DO" Extract from B.C. Game Act "Section 12.—No person shall at any time enter, with any firearm or trap in his possession, or permit his dog to enter into any growing or standing grain or upon any cleared land or land under cultivation, not his own, without the permission of the owner; and no person shall at any time hunt, shoot, or trap, or with firearm or trap in his possession go upon any enclosed land of another without permission of the owner, lessor, or occupant thereof."

The sign is 18 inches in length and 9 inches in depth. The price, 25c each or five for \$1.00, postpaid to any address in British Columbia. Review, Sidney, B.C.

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus beheld in Science the perfect man who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own image, and the correct idea of man healed the sick" (p. 476).
